

Junior Farmer Camp

Have you ever wondered what it takes to be a farmer? Billings Farm & Museum's summer day camp, *Junior Farmer Camp*, is designed to help kids find out by stepping into a farmer's shoes for a week.

Junior Farmer Camp is as hands-on as it gets. Campers will have the opportunity to get up close and personal with the farm's cows, horses, pigs, chickens, and sheep while learning the work that goes into the food we eat. In addition to daily farm chores and activities, we will explore a different farming topic like dairy, gardening, tractors, and draft animals. On Friday, campers will prepare one of our farm animals for a show and presentation to their families. Other exciting camp activities include:

- Taking a hayride through the farm fields
- Handling, feeding, and caring for farm animals
- Milking a cow by hand and machine
- Cooking farm-fresh food in our Learning Kitchen
- Participating in scavenger hunts around the farm
- Building scarecrows for our gardens
- Making and tasting delicious dairy treats like ice cream & butter
- And much more!

Children going into 3rd grade to 6th grade, or ages 8-11, may join us for a week of fun-filled farm festivities!

2020 Dates:
