

BILLINGS

FARM & MUSEUM

Arethusa Showdown Crystal-ET is the Cow of the Week.

Crystal was purchased by Billings Farm in 2018 from Arethusa Farm and hails from one of the most legendary cow families in the Jersey breed. Sired by River Valley Showdown, she is a daughter of Arethusa Veronicas Comet-ET EX94. Her grandmother is arguably one of, if not the, most influential Jerseys to ever live, Huronia Centurion Veronica 20J. Classified at EX97, the maximum score a Jersey cow can achieve, and with a legendary show career behind her, Veronica's genetic impact through her many decedents changed the Jersey breed, as a whole. Veronica has done more for the breed than any other cow in the last 20 years. The Veronica cow family is highly sought after because of this and was one of the reasons why, as a Jersey breeder, we wanted to add Crystal to our herd. Crystal is currently scored at VG89 and gave birth to her third calf, Billings Firestorm Charlotte, on December 19, 2020.
