

## BILLINGS FARM & MUSEUM

### Meet **Billings Rosanne's Royal MS Riley!**

Riley was born on October 26<sup>th</sup>, 2018. Her sire (father) is Triple-T-CF MR Swagger-ET and her dam (mother) is Billings Rosanne's Royalty Reign VG84.

As her name suggests, **Riley's breeding goes back to the greatest Jersey cow Billings Farm has ever bred** and one of the breeds greatest legends. Riley's fourth dam (great-great grandmother) is Billings Top Rosanne EX96.

Not only is Rosanne **the highest scored Jersey to ever carry the Billings prefix** (her first name), her show career was about as impressive as one can get. She was named back to back National Grand Champion at the All-American Jersey Show in 1988 and 1989, a feat that only two other cows at that time had ever achieved. She also set a record at the time when a half interest in her ownership was sold for \$36,000 at the International Jersey Extravaganza Sale in 1987. This was **the highest price at public auction for a jersey cow** at that time and was a record that stood for many years.

Riley herself recently classified VG86 in her first lactation and looks to have passed down the family legacy to her fancy daughter Rebel as well!
